# Puerto Rico

- We have been to San Juan, the capital of Puerto Rico three times.
- Puerto Rico, or rich port, is a fascinating place. The old fort, El Moro, guards the harbor to San Juan.
- The old town area of San Juan never really sleeps—shops, nightlife & great dining are all available to a visitor!

# San Juan Gate

A photograph of the San Juan Gate at night. The gate is a large, red-painted stone archway with a white decorative cornice. The interior of the gate is dark, but a warm light is visible in the distance, illuminating a stone path. In the foreground, there are white concrete barriers and orange traffic cones. The sky is a deep blue.
